FROM : Legislative Counsel

SUBJECT: Washington Post
5 January 1954

DATE: 5 January 1954

At least one member will miss the opening Wednesday. Senator Irving M. Ives (R-N.Y.) has been hospitalized for a physical checkup at George Washington University Hospital and will probably stay there all week, his office said. The Senator's son, George, said the check-up was related to "a heart condition he has had for several years but is not at all serious."
